About PDI-Kintha

The Peace and Development Initiative – Kintha (PDI-KINTHA) was founded in 2013 in response to outbreaks of communal violence in 2012 and the more organized anti-Muslim violence that followed. Initial projects and activities sought to address the deepening religious and ethnic divisions that followed.

Early on, we focused much of our energy on building trust not only between communities affected by conflict, but also between community members and our staff. Through sports, music, and art activities we sought to transform attitudes driving conflict, raise awareness of issues underlying the conflict, and build skills to transform conflict.

We work with conflict-affected populations from central and northern areas of Rakhine State; however, following military clearance operations in August 2017 that lead to an exodus of over 600,000 people to Bangladesh and the subsequent barriers to access, we were forced to adjust the geographic focus area of some of our projects. We currently have 53 staff members implementing peace building, education, and social cohesion activities in Sittwe, Buthidaung, Kyauk Taw, and MraukOo townships (of central and northern areas of Rakhine State) as of January 2019.
